

Improving quality and the learner experience by embedding Skills for Life

Invitation to a Dissemination Workshop:
Quality and Curriculum Managers

Wednesday 28th March 10.00 – 15.00
KPMG Birmingham office, Seminar Room

By adopting a Whole Organisation Approach to Skills for Life over 30 pathfinder providers from across the country have improved their planning, delivery and quality of the learner experience.

As a respected manager in the sector, we would be delighted if you could join us at this leading edge event and be amongst the first to hear about how you too could benefit from adopting the same approach. The day will look in depth at the following areas:

Effective planning

This event will help you focus on how to translate Skills for Life strategy into action by introducing changes to quality processes and curriculum planning.

Improved delivery

You will have the opportunity to talk to managers from pathfinder organisations about how they turned strategy into action and the challenges, successes and benefits of adopting a whole organisation approach to Skills for Life.

The day will consist of brief, interactive presentations on individual pathfinder experiences, to be followed by discussions on how you could benefit from adopting some of these approaches. We very much hope you can attend this exciting event. Places are limited so please RSVP to Sara Mooney at KPMG. Lunch will be provided.

There will be no charge for this event.

To book a place on the event please email **sara.mooney@kpmg.co.uk** providing the following details:

- First and Surname of delegate
- Job Title
- Organisation
- Any special dietary requirement

Numbers are restricted on this event, therefore early booking for the event is recommended.
